

**Focus Learning Academies and Focus North High School
School Closure Information and "Online Days"**

School Closures

All inclement weather closings, closings due to structural problems (such as water main breaks etc.) or any other school closing that happens for any reason will be broadcast on Channel 10 TV News or can be found on the 10TV website at 10tv.com/SCPportal.

In case of an emergency or school closing that necessitates an alert to parents, a phone call will be made to your home phone or cell phone, whichever is on file with the school, through School Messenger, an automated, multi call system which allows all students and parents to be notified in case of a critical incident.

In a true, in school emergency, the School Messenger message will begin with the phrase "Focus Alert Message" and the nature and details of the emergency will follow.

Parent/guardian/student phone numbers are automatically entered into this system for notifications during enrollment.

All information will also be posted on the website, which is: focuslearn.org.

Focus also has social media pages information will be posted to:

Facebook – Focus North High School, Focus Learning Academy Southwest, Focus Learning Academy East

Instagram – [focusnortheagles](https://www.instagram.com/focusnortheagles) , [focuslearningacademysw](https://www.instagram.com/focuslearningacademysw), [focuseasteagles](https://www.instagram.com/focuseasteagles)

If you need further information or want to add/change a contact number for emergency use, please call the specific Focus school you or your child attends, from the numbers listed below.

"Online Days"

Per House Bill 110, we are now required to have "Online Days" to cover for those times when the school is closed during a regularly scheduled day.

See attached to review your school's "Online Day" details on how to access classes and log attendance from home through your or your student's Focus Google Classroom account.
